

## **Notice of Motion**

### **Creating a Vision for the Nautical Village and Waterfront Communities**

<b>Date</b>	<b>December 11, 2017</b>
<b>Moved By</b>	<b>Councillor Bill McLean</b>
<b>Seconded By</b>	<b>Councillor Maurice Brenner</b>

---

Whereas the City of Pickering has taken steps to commence a study that recognizes the importance of community character and its preservation where infill construction takes place in mature communities;

Whereas in 1997, the City of Pickering adopted the Waterfront 2001 Interim Report Task Force on the Pickering Waterfront;

Whereas the Task Force Report provided a foundation for the development of a vision for the Nautical Village that has evolved into becoming a vibrant waterfront destination point with an emphasis on marine uses;

And Whereas all land use within the Nautical Village are guided by the Planning Act in conjunction with the City of Pickering's Official Plan;

Now Therefore be it resolved that the City of Pickering under the leadership of the City Development Department be directed to prepare a work plan for the commencement of a visionary exercise to commence no later than the second quarter of 2018, through engagement with the community that will enable Pickering to incorporate this vision into land use policies for the Nautical Village and that staff report back to Council on a work plan no later than March 12, 2018.
